SWIMMING IN QUALITY AND STYLE

The Capri Spa

Transform your home into a relaxing haven. A perfect addition to your life that offers all the benefits of a tranquil spa, with ample seating, and functional design.

While integrated spa options are popular, stand alone spas offer unique benefits, such as creating private and extra entertainment space, that integrated spa options cannot match. This versatile and spacious alternative can be installed either next to your pool or as a separate stand alone feature. The open seating design provides room for a relaxing and therapeutic water massage experience to help soothe your mind and body.

With an optional spillover ledge that can flow into your pool, this compact spa is a wonderful addition to your pool project or home, adding versatility and elegance to your outdoor space. Whether you choose to install The Capri Spa alongside your Leisure Pool or in a separate space, this tranquil spa is the perfect solution to enhance your outdoor entertainment area.
