The Precision

Refined styling. Contemporary design.

Exact, accurate, and precise, The Precision checks every box for a backyard.

A part of our patented High Waterline Pool Range, The Precision comes with dual weirs and hidden skimmer boxes that allow this pool to be almost filled with water and still skim debris off the water surface. Once paved, these dual weirs work double-time, hiding the skimmer boxes and presenting itself in class and style. Any leftover debris simply disappears into the weirs. Backyards may be getting smaller, but our pool designs know no boundaries. The modern rectangular look of The Precision is the ideal partner for the expansive splash deck, next to which a set of steps leads you into the large swimming space, complete with a flat bottom floor.
